

Dulux Weathershield

Dulux Weathershield provides long life protection for your house with a tough, flexible finish. As long as Weathershield is applied to your house in accordance with the instructions for use, it will provide protection guaranteed against peeling, flaking and blistering for as long as you live in your house. For over 40 years we've been developing and testing Dulux Weathershield under New Zealand's harsh weather conditions. Working with top chemists, our paint is developed and manufactured to a world-class standard. Dulux Weathershield will provide complete protection from wind, rain, sun, snow, hail, temperatures and humidity.

Ten great reasons why to use Dulux Weathershield:

1. Guaranteed for as long as you are living in your house against blistering, peeling and flaking;
2. Resistance to colour fading;
3. UV protection;
4. Covers small surface cracks;
5. Easy to apply and washes out in water;
6. Resistance to mould, dirt and stains;
7. Made in New Zealand;
8. 100% acrylic self-priming exterior paint;
9. Ideal for dressed and rough sawn timber, bricks, concrete, fibre cement board, masonry, Zinalume and galvanised iron; and
10. MaxiFlex stretch technology gives a tough flexible finish for a long-life protection from harsh New Zealand sun conditions.
